

93% BioBased

AR 3600

AR 3600 asphalt and tar remover is a natural, safe way of cleaning tar and asphalt off of your trucks, pavers, and tools. AR 3600 is safe for people, paint and the environment.

Why AR 3600?

- Effectively removes all asphalt formulations including high performance latex polymers
- Non-toxic (NO hazardous chemical exposures)
- Biodegradable – 93% biobased material!
- Safe on painted surfaces – won't harm clear coat finishes
- Simple water wash down
- Safe on all metals, including brass distributors, and other application and metering equipment
- Contains a proprietary non-toxic detergent system for better penetration and clean-up
- Safe on most plastic surfaces, including vehicle brake lenses
- Excellent degreaser; may be used in parts washer as a cold degreaser.
- Works on hot or cold mixes.

AR 3600 works under all climatic conditions because it is not sensitive to the ambient temperature. AR-3600 saves you time, labor and money.
